

RFRI CONDUCTS EXPOSURE VISIT

A group of 24 Forest Officials, Bamboo Artisans and Bamboo Cultivators from Odisha visited RFRI, Jorhat on 15th January, 2018 under the guidance of Shri S. P. Mohapatra, IFS, Addl. PCCF and State Mission Director, Odisha Bamboo Development Agency, Odisha. Dr. R. S. C. Jayaraj, IFS, Director, RFRI, Jorhat welcomed the visiting trainees, and delivered a presentation on Bamboo Sector in India - an overview and Bamboo research and extension at RFRI, Jorhat.

The Team visited Biotechnology and Genetics Division of RFRI and witnessed various research works on tissue culture on bamboo. The Team visited bamboo nursery and bambusetum. Various Bamboo propagation techniques were demonstrated to them. They saw different bamboo species conserved at RFRI Bambusetum. The Team also visited Bamboo Composite Centre. They were explained about the bamboo preservation techniques and value addition of the bamboo handicraft items. They were also apprised about the trainings conducted by this Institute from time to time on bamboo handicraft making.

GLIMPSES OF EXPOSURE VISIT
