

**Report on  
Visit of students from Kendriya Vidyalaya, Roorkee Report on  
23-01-2020**

The Forest Research Institute (FRI), Dehradun is a premier institute in the field of Forestry research, extension and education. The institute disseminates its scientific interventions to different stakeholders including students. A group of 55 students and 5 teachers of Kendriya Vidyalaya, Roorkee, Uttarakhand visited the institute on 23<sup>rd</sup> January, 2020 to have first hand information about the institute.

Shri Rambir Singh, Scientist, Extension Division addressed students and gave a brief account about the history of the institute and its scientific contributions to the society. He said that scientific forestry in India was originated here. In his address, a detailed account of Post Graduate courses being conducted by FRI Deemed to be University was also given. Students and teachers visited different Museums, Bambusetum and Botanical garden of the institute and came to know about forestry related scientific interventions.

A team of Extension Division including Shri Ajay Gulati, ACTO, Shri Vijay Kumar, ACF and Shri Preet Pal Singh, Dy. Ranger played an important role in arranging the visit.
