

## ICFRE-Forest Research Institute, Dehradun Short-Term Training Course on Wood Coatings

[16 – 20 June, 2025]

The five-day *Short-Term Training Course on “Wood Coatings”* organized by the Wood Working and Finishing Discipline of the Forest Products Division, ICFRE-Forest Research Institute, Dehradun, successfully concluded on June 20, 2025. The valedictory session was chaired by the **Director FRI, Dehradun**.

The training program, held from June 16, 2025 to June 20, 2025, was designed to provide in-depth knowledge and hands-on experience in various aspects of wood coatings including surface preparation, application techniques, Substrate characteristics, VOC and Environmental consideration, quality control, and recent advancements in wood coatings. A total of 13 (Thirteen) participants from diverse backgrounds took part in the program.

Certificates were distributed to the participants during the session, and feedback was collected to further enhance the effectiveness of future training programs.

The training concluded with a vote of thanks extended to the resource persons, participants and other technical staff for their active involvement and support in making the program a success.

### *Glimpses of the training*
